American influence in stopping Pakistan sponsored cross border Terrorism

†2707. SHRI RAM JETHMALANI:
SHRI KAPIL SIBAL:

Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether Government have used American influence in stopping Pakistan for meeting cross-border terrorism;

(b) if so, the details thereof; and

(c) whether any change has been in Pakistan's policy towards terrorism after these efforts by India?

†Original notice of the question was received in Hindi.

THE MINISTER OF EXTERNAL AFFAIRS (SHRI JASWANT SINGH): (a) and (b) Government has kept the international community, including the United States, informed about Pakistani involvement in fomenting cross border terrorism in India, particularly in the context of the global campaign against terrorism. There is now increasing realization of the fact that despite professions to the contrary, Pakistan remains deeply involved with terrorist groups. The widespread consensus in the international community is that there is no justification for terrorism, which must be eradicated wherever it exists.

(c) While Pakistan has taken some cosmetic and superficial measures as part of their so-called 'crack down' against terrorist groups in Pakistan, its sponsorship of cross border terrorism in Jammu and Kashmir and other parts of India has continued unabated. The Pakistani leaders including its President have also reverted to Pakistan's time-worn and untenable formulations on terrorism, including seeking to justify continued terrorist violence in Jammu & Kashmir.
